

Corrosion Materials

Corrosion Materials was founded in 1963 in Baker, Louisiana, just north of Baton Rouge. Since its inception, Corrosion Materials has been supplying the highest quality Corrosion Resistant Alloys and has continued to expand geographically to include service centers in Houston, Texas, Bolingbrook, Illinois and Auburn, Massachusetts in the United States and in Shanghai, China.

Corrosion Materials' commitment to service and quality is recognized worldwide. Over the years, we have developed the resources, skills and inventory to satisfy our customers' demanding requirements. We are ISO 9001-2008 certified with an expert Quality Control and Technical Services staff that assures our products are of the highest quality. Our experienced personnel understand the needs of our customers and are dedicated to handling your requests and orders accurately, efficiently and quickly.

Our machine shop, welding shop and processing departments are equipped with state-of-the-art manufacturing equipment allowing Corrosion Materials the ability to provide the service you desire along with the economic and technical advantages you need and deserve.
