

# C.S.A.I. S.P.A.

## 10000 TONS OF STAINLESS STEEL PLATES READY TO BE DELIVERED AS IS OR CUT TO SIZE

C.S.A.I. S.P.A. was founded in 1977 as the FIRST Centro Servizio Acciai Inossidabili Stainless Steel Service Centre in Italy and never lost its initial vocation.

From then until now the wish to meet the customer's needs has inspired us towards a constant growth.

Now, thanks to our facilities, 5 plasma cutting machines to cut from 3 mm up to 150 mm thickness, 6 sawing machines up to 300 mm and one of the biggest first choice stock of stainless steel quarto plates, we can meet all your requirements.

You can find in our stock stainless steel plates standard grades like AISI 304/L-304/H-321-321H- 316L-316Ti up to 150 mm thickness; AISI 347-347H--310S-DUPLEX-SUPER DUPLEX 32750- up to 100 mm thickness; 410S-1.4435-317L – SUPER DUPLEX 32760-904L up to 80 mm thickness; S31254-N08810-N08825 up to 40 mm thickness, N06625 up to 25 mm thickness.

All our stainless steel suppliers have a quality assurance in conformity with

ISO 9001. Most of the material now is according to NORSOK.

In 5 days we are ready to deliver all over the world from the biggest plate to the smallest piece according to your drawing.

For all inquiries, from whole plates down to small pieces our Sales Department will be glad to help you.

Our website [www.csai.net](http://www.csai.net) is always upgraded with the new grades.
