

# Dover Tubular Alloys

Dover Tubular is a master distributor of stainless steel tube and pipe selling exclusively to wholesalers and metal service centers. The company has locations in Dover, New Jersey and Houston, Texas.

Dover Tubular stocks over 1,300 sizes of stainless steel tubing sourced from the leading Domestic, DFARS, Approved, and Import mills throughout the world. The company has one of the most diverse inventories of stainless steel mechanical tubing (hollow-bar), boiler, heat-exchanger, and general service tubing available within the United States.

Dover Tubular also offers a limited selection of seamless stainless steel pipe also procured from leading DFARS and Approved mills. The company specializes in SCH 80 through SCH XXH and cuts all pipe and tube to your specific length requirement.

Dover Tubular is also home to one of the most experienced sales teams within the industry. With an average of 20+ years of industry experience, our team has the knowledge and expertise required to assist with your most complicated projects. At Dover Tubular, your satisfaction is our priority and we appreciate the opportunity to earn your business.
