

# FGinox

FGinox is a French company, leader and specialized distributor in stainless steel fittings, pipe accessories, valves, flanges, fasteners and bolts in Europe, since 30 years.

With a warehouse of 6,000 square meters and over 30,000 references, FGinox offers an 'emergency' service to all of its customers in France and abroad, in more than 60 countries. The company is able to deliver orders in Europe in as short a time as 24 to 72 hours, depending on their clients' needs.

The company is very proud of its tight delivery lead times and positions itself as a veritable 'emergency supplier', which is very much appreciated by its clients, particularly during their maintenance operation periods.

The company is certified according to ISO 9001. Compatible with all industrial installations, all of products sold by FGinox are hand selected and their quality is rigorously inspected internally, by its quality department.

Products are fabricated in stainless steels, noble materials, robust and non-corroding that satisfy international standards.

FGinox offers a very wide variety of products that are available immediately:

- For industry :
  - ISO unions and threaded accessories
