

Teknik Metal A.S.

Teknik Metal A.S. is one of the **leading stainless steel stockists and service centers** in Eastern Europe and Middle East. Founded in 1961, the company has been in the business for 54 years.

Teknik Metal A.S. has regular stocks in big volumes and various grades, both in long materials and in flat materials. All of the materials are prime with 3.1 MTC, ready for immediate shipment.

Teknik Metal A.S. is located in the middle of... **Everywhere**. Having its headquarters in the south of Turkey, the company is spread all over Turkey with **8 warehouses, 1 cold drawing line and 1 service center**. We can arrange immediate shipments from Mersin and Istanbul ports. Our location provides our customers with a great advantage in delivery periods.

Teknik Metal A.S. offers value added solutions according to the customer's requests. We have a cold drawing line for stainless steel bars and wires. We can produce any size between 4 - 15 mm according to the customer's demand.

Teknik Metal A.S. has a stainless steel service center on a 52000 m² area in

Adana Industrial Zone. The service center includes 3 cutting lines, 3 slitting lines and 1 grinding line. The facility allows us to offer any length up to 12 meters, any width between 17 mm and 2500 mm, and any surface among 2B - 2E - BA - No1 - 2N - 3N - 4N - SB.

Teknik Metal A.S. offers coils between 0,20 mm - 10 mm and, plates between 0,20 - 80 mm, in all commercial grades and surfaces. We can customize the length, the width and the surface according to your requests.

Teknik Metal A.S. has a wide range of long materials in stock. We offer stainless steel round bars between 2 - 500 mm in all commercial grades. Stainless steel flat bars are available between 10x5 mm - 150x40 mm. Stainless steel wires are offered

between 1 - 10 mm. Stainless steel angles are offered between 20x20x3 mm - 100x100x10 mm. Stainless steel hexagon bars are offered up to 70 mm. Stainless steel square bars are offered up to 100 mm. Stainless steel welded tubes are offered between 6x1 mm - 508x4 mm in brushed and polished surfaces. Stainless steel profiles are available between 10x10x1 mm - 150x150x5 mm.

Teknik Metal A.S. already exports to many countries including Russia, Serbia, Egypt, Ukraine, Jordan, UAE, Indonesia, Iraq, Azerbaijan, Portugal, Romania, Bulgaria and many more...

Please do not hesitate to contact us if you have any stainless steel requirements. We'll be glad to serve you with 54 years of experience.
